**Civiteq** (“We”, “Us”) are committed to protecting and respecting your privacy. This Privacy Notice (together with any other documents referred to herein) sets out the basis on which the personal data collected from you, or that you provide to Us, will be processed by Us in connection with our recruitment processes. Please read the following carefully to understand our views and practices regarding your personal data and how We will treat it.

For the purpose of the United Kingdom General Data Protection Regulation (“UK GDPR”) and the UK Data Protection Act 2018, the Data Controller is **Civiteq Trading Limited**

We use Workable, an online application provided by Workable Software Limited, to assist with our recruitment process. We use Workable to process personal information as a data processor on our behalf. Workable is only entitled to process your personal data in accordance with our instructions.

Where you express interest in a role with Us, these Privacy Notice provisions will apply to our processing of your personal information in addition to our other Privacy Notice which has been provided to you separately or is available on our Website.

### 1.1. Your Personal Information

#### 1.1.1. Information We collect from you

We collect and process some or all of the following types of information from you:

- In particular, We process personal details such as name, email address, address, telephone number, date of birth, qualifications, experience, information relating to your

employment history, skills and experience that you provide to Us, as well as your video in case you conduct your interview using the Video Interview feature.

- If you contact Us, We may keep a record of that correspondence.
- A record of your progress through any hiring process that We may conduct.
- Details of your visits to Workable's Website including, but not limited to, traffic data, location data, weblogs and other communication data, the site that referred you to Workable's Website and the resources that you access.
- Your video interview in case your interview was performed through the video interview feature.
- **You may be required to complete a C-Me Colour Profiling exercise as part of our recruitment process. This does not require you to provide any additional personal details, but will seek to ask you questions about your working and communication behaviours.**

### **1.1.2. Information We collect from other sources**

Workable provides Us with the facility to link the data you provide to Us, with other publicly available information about you that you have published on the Internet – this may include sources such as LinkedIn and other social media profiles.

Workable's technology allows Us to search various databases – some publicly available and others not, which may include your personal data (include your CV or Resumé), to find possible candidates to fill our job openings. Where We find you in this way We will obtain your personal data from these sources.

We may receive your personal data from a third party who recommends you as a candidate for a specific job opening or for our business more generally.

## **1.2. Uses made of your information**

### **1.2.1. Lawful basis for processing**

We rely on legitimate interest as the lawful basis on which We collect and use your personal data. Our legitimate interests are the recruitment of staff for our business.

### **1.2.2. Purposes of processing**

We use information held about you in the following ways:

- To consider your application in respect of a role for which you have applied.
- To consider your application in respect of other roles.
- To communicate with you in respect of the recruitment process.
- To enhance any information that We receive from you with information obtained from third party data providers.
- To find appropriate candidates to fill our job openings.

- To help our service providers (such as Workable and its processors and data providers) and Partners (such as the job sites through which you may have applied) improve and develop their services.

### **1.2.3. Automated decision making/profiling**

We may use Workable's technology to select appropriate candidates for Us to consider based on criteria expressly identified by us, or typical in relation to the role for which you have applied. The process of finding suitable candidates is automatic, however, any decision as to who We will engage to fill the job opening will be made by our staff.

## **1.3. Disclosure of Your Information**

As set out above, We pass your information to our third party service providers, including Workable, who use it only in accordance with our instructions and as otherwise required by law.

Where you have applied for a job opening through the Indeed Apply functionality, We will disclose to Indeed certain personal data that We hold, including but not limited to a unique identifier used by Indeed to identify you, and information about your progress through our hiring process for the applicable job opening, as well as tangible, intangible, visual, electronic, present, or future information that We hold about you, such as your name, contact details and other information involving analysis of data relating to you as an applicant for employment (collectively "Disposition Data"). Indeed's Privacy Notice in respect of Indeed's use of the Disposition Data is available on Indeed's website.

Where you have applied to a job opening through another service provider, We may disclose data similar to the Disposition Data defined above to such service provider. The service provider shall be the data controller of this data and shall therefore be responsible for complying with all applicable law in respect of the use of that data following its transfer by Us.
